SUMMARY

As a Full-Stack Web Developer with a Web Development Certification from the University of Pennsylvania, I excel in problem-solving, leadership, and critical thinking. With a background in Psychology and Social Innovation/Social Entrepreneurship, I bring a unique perspective to every project, incorporating a deep understanding of human behavior and social dynamics into my work. I bring a collaborative approach, sharp attention to detail, and creativity to every project to develop unique solutions.

SKILLS

- **Technical Skills:** Javascript, HTML5, CSS3, React, Node.js, Express, MongoDB, Bootstrap, Bulma, jQuery, MYSQL, Handlebars, Jest, Git

EDUCATION

FullStack Web Development Certification

University of Pennsylvania, Philadelphia, PA | June 2023 | Final Grade: A+

Bachelor of Science and Engineering | Psychology, Social Innovation and Social Entrepreneurship

Tulane University, New Orleans, LA | May 2022

EXPERIENCE

Teacher Aide | Kids Space | August 2022-June 2023

- **Engaging:** assisted students with homework and provided one-on-one tutoring support
- **Responsible:** supervised students both indoors and outdoors, ensuring safety and proactively addressing any issues as they arose
- **Creative:** facilitated games and activities that encourages physical activity, socialization, and teamwork; helped student develop interpersonal and problem-solving skills while having fun
- **Dedicated:** engaged students in meaningful conversations and activities that helped them develop critical thinking and communication skills

1-800-Elva Founder, Cleaning Executive | Oh Shoot! | October 2019-July 2020

- **Entrepreneurial:** as a valued partner with Oh Shoot, a college scheduling startup, I built operational processes and ensured the success of a two-sided marketplace
- **Organization:** coordinated and managed hundreds of appointments, utilizing a customer-first approach to ensure needs were met and exceeded
- **Accountable:** supervised team of twelve cleaners, providing guidance, training, and support
- **Leader:** collaborated with leadership to shape and refine key operational processes, including scheduling, supply-chain management, and quality assurance
- **Meticulous:** maintained inventory records, ensuring cleaning supplies were adequately stocked, enabling team to work efficiently and effectively
